

District	Which of the options do you prefer?	Please explain your choice.	Will your district participate in one of the two programs?	If yes, how many participants do you think you will commit to the program?	Any other comments or questions?
Northampton County Schools	RTI	Value I	Yes	2	
Wilson County Schools	In House		Yes	7	
Warren County	In House	We feel that the team that we have in place provide consistent and effective support.	Yes	5	
Wake	In House	Relationships and face to face, ongoing support that this program offers and will continue to offer our teachers is critical. We attribute retention to the relationships with our teachers being coached and taught by our team in-house and with CCTI.	Yes	20	
Person County Schools	In House	The mentoring, face-to-face cohort classes, strategies learned that are immediately able to implement, coaching, the partnership with NCNTSP, recruiting aspects for beginning teachers, and teacher commitment for funding a portion of the costs.	Yes	5 or 6	
Edgecombe County Public Schools	Neither	Funding remains our main roadblock	No		
Durham Public Schools	In House	DPS has had 34 participants in total over 2 cohorts. Overall, we have received great feedback from participants. We appreciate the thoughtfulness and responsiveness to our needs, and we feel the program is already successful.	Yes	25	Thank you for your hard work!
Orange	In House		Yes	3-5	either program would be acceptable
Franklin County Schools	Neither	Cost and the commitment of candidates. We have found it difficult to find strong candidates and lose the flexibility of our funds to offer other programs.	Unsure		
Greene	Neither	Expense	No		We simply feel that both programs are to expensive
Johnston County Public Schools	In House	The In House option provides needed coaching support and EC support for beginning teachers. This support is necessary for teachers' success and retention.	Yes	10-15	We would like to see the In House option modified to include test preparation support for the Praxis and Pearson tests. Please continue the combination of virtual and face to face meetings.
Pitt County Schools	In House	Our teachers in the program shared it has been very valuable and the program fit their schedule. The teachers have given kudos to Dr. Hilliard and were really upset when she left...they built a great relationship with her and were very thankful for her assistance.	No		Unfortunately, we started with 6 participants but now only 2 remain in the program. We lost one teacher to another district and the others left the profession. While our current teachers in the program gave a great feedback about the program, the district is financially unable to participate.
