

CCRG Links from Northeast Regional Meeting

Thank you for attending a recent CCRG Information Meeting. As promised, I am including the morning presentation for your reference.

Additionally, here are a few links that you may find useful:

1. The link to the NC DPI form to collect questions and feedback <https://forms.gle/snQNYFq3gfR1naW76>
2. The link to the NC DPI professional learning site that includes a CCRG section <https://sites.google.com/dpi.nc.gov/k-12-sci/ci-leaders/professional-learning>
3. The link to the NCCCS CCRG web page <https://www.ncccommunitycolleges.edu/academic-programs/career-and-college-ready-graduate-alignment-partnership-ccrgap> (final versions of the presentations will be posted here)
4. The English presentation <http://bit.ly/32V6k0Z> link takes you to the full presentation and includes the information to access the EdReady course to review the curriculum and learning outcomes included.
5. The math presentation included two links. First, <https://tinyurl.com/ccrgmathslides> takes you to the full presentation that was shared at the CCRG Information Meetings. This link, <https://tinyurl.com/ccrgmath>, provides the information needed to access the demo course that can be used to review the curriculum and learning outcomes included.

Finally, we'd like your feedback on the information meeting. Please take a few minutes to complete this short survey <https://forms.gle/P2TDb3oMKhQ2SMbd6>.

The CCRG legislation is meant to help students be better prepared for career and college. Our goal is to help you implement CCRG in the most effective way for your students. Thank you for your efforts.
